

Jackson Soil and Water Conservation District
2016 Great Plains 1006NT Seed Drill

Rate:

- * \$10.00 per acre
- * \$75.00 minimum

Grease/Cleaning:

- * It is your responsibility to grease after each day of use
- * Seed Drill must be returned greased and ready for the next landowner
- * Seed must be emptied from all seed boxes prior to returning. A \$20.00 charge will be assessed to individuals for leftover seed in boxes.
- * Operator is responsible for repairs if drill is used in less than ideal conditions (rock, gravel, frozen ground)

Notify the SWCD office of any zerk that will not take grease. Proper maintenance will keep the cost low for everyone. I have read and understand the Jackson SWCD Seed Drill Policy.
